

Posters from the Congress

EUROMEDLAB

Barcelona, 1-5 June 2003

15th IFCC-FESCC European Congress of Clinical Chemistry and Laboratory Medicine
22nd National Congress of the Spanish Society of Clinical Biochemistry and Molecular Pathology

- [Immunonephelometric Determination of Free Light Chains in Urine as Screening for the Detection of Bence Jones Proteinuria](#)
García-Vitoria, M.; Cortina, A.; Iglesias, N.; Hernández, M.; García-Guantes, E.; Besalú, C.; Galimany, R.; Rodrigo, MJ.;
Laboratoris Clinics, Hospital Vall d'Hebrón, Barcelona, Spain
- [Evaluation of an Immunofixation Electrophoresis Selective Method for the Bence-Jones Proteinuria Identification](#)
Quiñones-Torrel, C.; Del Valle-Pérez, R.; González-Ovelar, M.; Jarabo-Bueno, MM.; Díaz-Ruiz, M.; Montagud-Palau, A.; González-Monleón, L.; Marco-López, P.;
Immunochemistry Section, Clinical Analysis Department, "Dr. Peset" University Hospital, Valencia, Spain
- [Immunonephelometric Determination of Free Light Chains of Immunoglobulins in Urine for the Detection of Bence Jones Proteins, and Comparison with Immunofixation](#)
Quinzanini, M.;
Departments of Rheumatology, Immunology & Allergology, Azienda Ospedaliera "Spedali Civili",Brescia, Italy
